

TW Nexus

PCAP

From Evolution to Revolution...

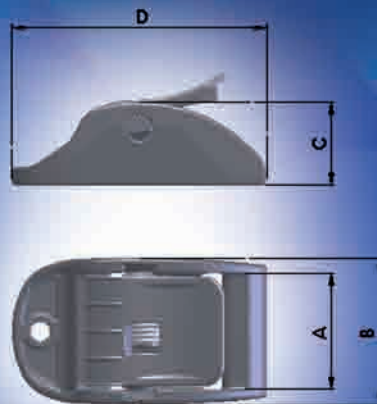

Discovery...

The **PCAP** from ITW Nexus is the first of its kind, and challenges conventional material selections. Moulded in the new Fixlon advanced Polymer material exclusive to ITW, the **PCAP** maintains high levels of performance while offering weight saving and handling benefits.

PCAP

Can be used in numerous applications: as a Child Car Seat central adjustment, medical equipment, luggage, boat and tent industries. And others in home and work place.
